Where can I find my Account Number?

If you have checks, your Account Number is the 9-digit number at the bottom of the check located to the right of our routing number.

If you have access to CU Online or our mobile app, log in and click on the name of one of your accounts. Then click on "Show Details." The Account Number is listed as MICR. Please note, all Account Numbers should be 9-digits. If your MICR number is shorter than 9-digits, add zeroes (0) in front until it reach 9-digits.

If you are setting up direct deposit to your Primary Savings Account, simply use your Member Number instead of an Account Number.
